

Basel Series of Special Interest Focus Groups (SIFG)

„New Technologies for Outcome Measures in Uveal Melanoma“

In Collaboration with the European Ocular Oncology Group and the International Society of Ocular Oncology

Date	June 8 th – 9 th , 2020
Organizer	European Vision Institute EEIG
Venue:	Institute of Molecular and Clinical Ophthalmology Basel (IOB), University of Basel, Mittlere Strasse 91, 4056 Basel, Switzerland

Agenda

Day 1 - June 8th, 2020

15:00	Welcome and Introduction (M. Jager & H. Scholl)
15:00 - 15:40	Cancer predisposition syndrome - detection of germline BAP1 in patients with UM, and detection of other tumors T. Kivela, University of Helsinki, FI & C. Chau, LUMC, Leiden, NL
15:40 - 16:20	Deciding on the diagnosis of an iris nevus vs melanoma V. Cohen, Moorfields Eye Hospital, London, UK & C. Brouwer, LUMC, Leiden, NL
16:20 - 16:40	Coffee Break
16:40 - 17:20	Deciding on the diagnosis of a choroidal nevus vs Melanoma using OCT or Oxymap B. Romanowska-Dixon, Jagellonian University Krakow, PL & N. Brouwer, LUMC, Leiden, NL
17:20 - 18:00	Quantitative Mreya for diagnosis, treatment planning and follow-up of UM J.W. Beenakker, LUMC, Leiden, NL
18:00 - 18:40	MOLES, a new algorithm to distinguish benign naevi from malignant melanomas; using databases B. Damato, Oxford, UK
19:30	Dinner (Board Members and invited Speakers) Restaurant Teufelhof, Basel (walking distance)

Day 2 - June 9th, 2020

08:30 - 09:10	Success rate of prognostic biopsies and test for prognostication (BAP1 staining vs chromosomes vs AJCC) S. Coupland, Liverpool, UK & J. Kiilgaard, Copenhagen, DK
09:10 - 09:50	Ocular conservation, techniques to prediction vision and complications, predicting glaucoma Miltiadis Fiorentzis, Essen, DE & L. Zografos, Lausanne, CH
09:50 - 10:30	Complications after endoresection, proper localization of plaques Aline Riechardt, Berlin, DE & G. Willerding, Berlin, DE
10:30 - 11:00	Coffee Break
11:00 - 11:40	Response rates and complications for the different treatments for metastatic disease in UM S. Piperno-Neumann, Paris, FR
11:40 - 12:20	Predicting metastatic death, and quality of life T. Kivela, Helsinki, FI & B. Damato, Oxford, UK
12:20-12:30	Summary and Farewell (M. Jager & H. Scholl)
